# Medi-Cal Presumptive Eligibility (PE)

There are a variety of Medi-Cal PE programs designed to provide immediate, temporary coverage for eligible low-income individuals, pending a formal Medi-Cal application.

The following are four such programs:

- Hospital Presumptive Eligibility
- Child Health and Disability Program Gateway
- Presumptive Eligibility for Pregnant Women
- Breast and Cervical Cancer Treatment Program

# Medi-Cal PE

## ➤ **Hospital Presumptive Eligibility (HPE)**

- The HPE Program provides qualified individuals immediate access to temporary, no-cost Medi-Cal. To apply for HPE benefits, an individual must visit a hospital that is a qualified HPE Provider. The HPE Provider submits the individual's information via the HPE Medi-Cal Application online portal and eligibility is determined in real-time.

## ➤ **Child Health and Disability Prevention (CHDP) Gateway**

- The "CHDP Gateway" is an automated pre-enrollment process for non Medi-Cal, uninsured children. Qualified Providers utilize the CHDP Gateway as the entry point for children to enroll in ongoing health care coverage through Medi-Cal, pending a formal determination of Medi-Cal eligibility.

# Medi-Cal PE

## ➤ **Presumptive Eligibility for Pregnant Women (PE4PW)**

- The PE4PW Program allows Qualified Providers to grant immediate, temporary Medi-Cal coverage for ambulatory prenatal care and prescription drugs for conditions related to pregnancy to low-income, pregnant patients, pending their formal Medi-Cal application.

## ➤ **Breast and Cervical Cancer Treatment Program (BCCTP)**

- The Breast and Cervical Cancer Treatment Program (BCCTP) provides cancer treatment and services for eligible low-income California residents who are screened by Qualified Providers and found to be in need of treatment for breast and/or cervical cancer, pending a formal Medi-Cal application.

# Medi-Cal

## New Enrollment Data

Medi-Cal New Enrollment Data includes the following cohorts:

**Total NEW Enrollments** - The sum of *Newly Enrolled* and *Re-Enrolled* individuals (the Universe).

**Newly Enrolled** - Individuals with no prior history of Medi-Cal coverage.

**Re-Enrolled** - Individuals who experienced a break in coverage and came back to the Medi-Cal program by reapplying, and being determined eligible for Re-Enrollment into the program.

- Different from *Newly Enrolled*, these are individuals with a prior history of Medi-Cal coverage within the previous 15+ year period, but whose Medi-Cal was subsequently discontinued at some point in the past, thereby requiring the individual to reapply.
- **Re-Enrollment Churn** (A subset of *Re-Enrolled*) - Individuals who experienced a break in coverage and came back to the Medi-Cal program by reapplying, and being determined eligible for Re-Enrollment into the program.
  - This subset of *Re-Enrolled* individuals have a prior history of Medi-Cal coverage within the previous 12 month period, but whose Medi-Cal was subsequently discontinued at some point in that 12 month period, thereby requiring the individual to reapply.
  - The methodology used to obtain the Churn data was refined on 10/14/2020.

# Medi-Cal TOTAL Enrollment

Data Source: Extracted from MIS/DSS 23APR2021 \*March 2021 Data is Preliminary

4/28/2021

All presented data between 01/2019 and 03/2021 in this report have been updated as of 04/23/2020. The presented eligible counts are subject to change due to delays in Medi-Cal eligibility data updates. Eligibility counts for a specific month are considered complete for statistical reporting purposes 12 months after the month's end.

# Continuous Medi-Cal Coverage Through the Public Health Emergency

- To ensure Californians continued to receive Medi-Cal health coverage during the public health emergency (PHE), per Executive Orders N-29-20 and N-71-20, DHCS issued guidance directing counties to delay the processing of Medi-Cal annual renewals, and to defer discontinuances and negative actions, effective March 16, 2020, through the duration of the PHE.
- Exceptions to the moratorium on discontinuances/negative actions are:
  - voluntary requests for discontinuance,
  - death of a beneficiary, or
  - individuals who move out of state.

# Medi-Cal Reinstatements During COVID-19 Public Health Emergency

- DHCS, working collaboratively with the SAWS and counties, are continually working to identify individuals who have been inadvertently discontinued, and have their eligibility restored each month.
  - The identified cases targeted for restoration take into consideration the legitimate discontinuances that are allowed during the PHE.
  - To date, approximately 131,000 individuals were restored back into coverage since the beginning of the COVID-19 PHE, as a result of the reinstatement effort.
- Beginning with the November 2020 benefit month, DHCS worked with SAWS and Counties to identify in advance any cases slated for discontinuance.
  - ***Due to this early identification effort, individuals scheduled for discontinuance, November 2020 benefit month forward, have been retained in coverage without a break in aid.***

Note: *Medi-Cal Total Enrollment* data reflected in this presentation includes all individuals restored back into coverage for the reported months.

# COVID-19 Uninsured Group

- COVID-19 Uninsured Coverage Group (aka COVID-19 PE):
  - For uninsured individuals
  - Services limited to medically necessary COVID-19 testing, testing-related, and treatment services
  - 12-month enrollment period or end of public health emergency, whichever comes later
- COVID-19 Uninsured Application Pathways:  
All PE Qualified Providers, including:
  - Hospital PE
  - Child Health and Disability Prevention Gateway
  - PE for Pregnant Women
- COVID-19 Uninsured Enrollments as of 04/19/2021: 154,542
